

Clean Up Loads

Some examples of **acceptable** materials:

- Bags of garbage/household waste
- Cleaned out their fridge/freezer of old food
- Broken yard tools like rakes, shovels etc.
- Kids toys
- Plastic lawn chairs
- Flower pots and plastic planting trays
- Plastic feed bags

Electronics may be part of these loads but are to be placed in the OES bin and not in the landfill.

Some examples of **unacceptable** materials:

Clean up loads cannot be used for items with set tipping fees.

- Furniture such as mattresses, couches etc
- Construction materials
- Shingles
- Fridges, freezers, or items with refrigerant
- Hazardous materials

All materials being dumped from a clean up load must be sorted and disposed of in the proper areas of the landfill.

It is difficult to list every item. Please direct questions to attendants or the Public Works Department.
